DETAILED ACTION

Response to Amendment

The amendment filed on February 19, 2009 has been entered and considered and an action on the merits follows.

After further consideration, the allowability of claim 15 has been withdrawn; this action is therefore not made final. Inconvenience to the applicant is regretted.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 2 and 9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 2, line 3, there is no antecedent basis for the limitation “the absorption band” in the claim.

Regarding claim 9, line 3, there is no antecedent basis for the limitation “the absorption band” in the claim.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 15 is rejected under 35 U.S.C. 102(b) as being anticipated by Katsuhiko et al. (hereinafter “Katsuhiko”) (JP11269432).

Katsuhiko discloses microparticles (see abstract lines 7 and 10). The remaining limitations are intended use recitations which do not differentiate the limitations from a prior art. *Ex parte Masham*, 2 USPQ2d 1647 (1987).

Claim 15 is a product by process claim, and the process limitations are not given a significant weight in the determination of the patentability.

Allowable Subject Matter

Claims 1, 3-8 and 10-14 are allowed.

Claims 2 and 9 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
